BARCELONA DANCE HOUSE

assignment and rental of space

conditions

- Rental of spaces is only possible when there is no clash with activities organised by the Mercat and El Graner themselves, which always take priority over external activities.
- The length of day sessions is as follows:
 - ½ day: from 9:00 to 14:00 or 16:00 to 21:00. Five-hour sessions, with a ½ hour break.
 - Full day: from 9:00 to 21:00. Twelve-hour sessions with a two-hour lunch break and ½ hour breaks in the morning and the afternoon.
- The price only covers the space in the exact conditions it is handed over at the beginning of the rental period. Any extra material and/or rented material will be priced separately and added to the basic rate.
- **Technical production service**
 - Prices include the floor manager's hours of work during the agreed rental period.
 - Any specialist technical services that are needed will be priced separately and added to the total price of the contracted services. To calculate the cost of the service you should apply the rate for "Complementary services".
 - Rental does not cover accommodation, tickets, bar, public relations, security, or any kind of reception services. If you need any of these services, you must work exclusively with the companies subcontracted by the Mercat de les Flors. These will prepare a cost estimate in line with market prices and independent of the services contracted from the Mercat at a fixed price. The Mercat will supervise the proceedings.
 - The Mercat reserves the right to charge a commission on the sale of tickets and passes for the rental activity, both to the company that rents the space and the public.
- **Cleaning service.** The space will be handed over in a clean condition and the price includes a basic cleaning service for each day of rental. If more than one cleaning per day or special cleaning is needed, this will be priced separately and the amount added to the total of contracted services.
- **Catering service.** The Mercat de les Flors has outsourced the bar service and the concessioner holds exclusive rights on the management of the bar and kitchen on the ground floor. To use these spaces it is necessary to reach an agreement with the concessioner. This does not imply any extra rental charge. You can hire catering services separately on the understanding that the kitchen and the bar will not be available.
